

Scanship

- selected by SILVERSEA Cruises and Fincantieri

-two new ultra-luxury cruising ships to be built at the Fincantieri ship yards, Italy.

Art inspires. Awakens your emotions and stimulates your thoughts.

In the quiet calm of morning, your private veranda becomes a place of true inspiration - surrounded by the magnificence of the dawning day, at one with the vista of sea and sky, in awe of nature and the vast beauty of this world. The shoreline of the next port slides closer and closer into view, and with an undeniable anticipation of things to come and the promise of limitless possibilities.

Silversea creates exceptional ocean journeys with unique opportunities to explore remote ports-of-call from an intimate haven of incomparable luxury, each voyage a unique masterpiece. Discover genuine European expertise reflected in every detail, from the tranquil all-suite accommodation and uncompromising service to distinctive fine dining and a carefree all-inclusive philosophy.

Silversea guests hail from across the globe, yet share an appreciation for the spectrum of choice offered in an array of exotic destinations and exclusive explorations ashore. By blending these elements together with enrichment experiences, each new port becomes a state of mind, transcending the traditional concepts of cruising.

It is this distinction that has earned Silversea the reputation of World's Best in its class.

Scanship Environmental as is both pleased and proud to announce that the Scanship Advanced Wastewater Purification (AWP) system and the Scanship Waste Recycling / Waste Treatment systems have been selected for the new Silversea Cruises ultra-luxury cruising ships.

The comprehensive delivery program covers the turn key supply of integrated Clean Ship systems for the reputed Silversea Cruises' two new builds at the Fincantieri yards in Trieste, Italy.

Silversea Cruises award winning concept is not for the mass market. Their ships are agile and easily docked in less-visited, more enticing destinations. The way we see it; The combination of Silversea Cruises' profound operator competence, Fincantieri yards' rich ship building traditions and Scanship Environmental's vast experiences within the field of solid waste (since 1993) and wastewater treatment (since 2000) represents a winning recipe. In Scanship we look forward to contributing to ensure that pristine waters and environments are being protected as expected by a prudent, conscientious cruise operator for years to come.
